

Introducing the d6 Connect Application

Dear Parent

Communication is fundamental to an effective partnership with our parents and the success of learners. We firmly believe in creating a school environment that will improve the performance of learners as well as the involvement of parents.

Due to our vision of improving communication and to make it as easy as possible for our parents, we are pleased to introduce the d6 Connect application to you. The d6 Connect application will allow us to communicate all school and learner information to our parents with a two-way communication system as well as real-time "help" functionality. **The d6 Connect Application also complies with POPIA.**

The d6 Connect Application - **which is free for parents to download from the Google Play Store, iTunes Store and on the d6 education website** - will send the information directly to your phone. Now all school notices are available in the palm of your hand!
